

Looking to self-publish your book created during your CLI class?

WE CAN HELP!

CLI Books supports you through the whole process — from making **revisions** to your final files to setting up your **Ingram Spark** and/ or **KDP** account to **uploading** files so your book is available for printing and sales.

Once you fill out an [application](#), you will have a **consultation meeting with the CLI Books Manager**. (\$25 non-refundable fee)

We will then **connect you with a book designer** to complete the process.

Payment can be made to CLI via Venmo (@communitylit), CashApp (\$communitylit), Zelle or PayPal (both communitylitla@gmail.com)
